## About us

**COLLINSONcontracts** Ltd – trading as Collinson Fencing – is a 3<sup>rd</sup> generation family fencing company recently (2024) celebrating 75 years.

We have been based in Laindon. Essex for most of those 75 years and the last 44 years in the same location

Over those 75 years we have dealt with many large clients from British Rail (& Railtrack and Network Rail) London Underground, framework contractors for Thames Water, all local authorities, Military bases and many schools.

We are small enough to handle small garden works but also have the experience and skills to take on larger security fencing projects.

We can offer advice based on security levels required balanced with the budget available and the current or proposed site conditions.

Our testimonial page shows some recommendations from a few clients
