Dear Steve,

I would like to thank you and your team for the excellent work you did for us on the new fence to our 4th hole at Muswell Hill Golf Club.

I found your company via your website and needed reassurance about your company, which you provided very quickly.

The reason I selected your company was because you were competitive on price and you said that your team would be self-sufficient and would not need help or support from our staff to store or move materials and this proved to be the case.

I will definitely consider using your company again for future fencing work if the needs arises.

I am happy for you to reference our project on your website together with this email.

Once again, thank you.

Regards,

John Brazier
